

Bug ID	Severity	Priority	Steps to Reproduce	Expected Vs Actual	Suggest Fixed
BUG-001	High	High	2.Fill in the reservation details. 3.Wait until the green timer completely runs down to 00:00 minutes. 4.Verify that the red error message "Oops.. Your table is no longer available. Please try again!" appears on the screen. 5.While that error message is still showing, click the "Complete Booking" button at the bottom.	The system should block the user from submitting the form and stop them from going to the next page because the table is no longer available.But "Complete Booking" button works without any issue, processes the booking, and successfully loads the next page showing "We have received your reservation request!".	Disable the "Complete Booking" button when the table is not available.
BUG-002	Low	Medium	1.Scroll down to the Branches pages. 2.Locate the Facebook, Instagram, and WhatsApp icon buttons. 3.Click on each social media button one by one. 4.Observe the page redirection or if a new tab opens with the social link.	The following buttons Should open the store's official Facebook, Instagram, or WhatsApp link in a new browser tab.But all the buttons Incorrectly redirects the user back to the Select Outlet page	Replace the incorrect links behind the social icons with the actual social media accounts
BUG-003	Medium	Medium	1.Click on the yellow cookie icon on the bottom left. 2.Locate the yellow underlined link "Cookie Policy". 3.Click on the "Cookie Policy" link. 4.Observe if the system opens and displays the legal cookie policy page content.	The system should open the policy document page but The system loads an empty page with error message "Policy document not found."	link missing legal policy text document with "Cookie Policy" link.
BUG-004	Medium	Medium	1.Scroll down to the bottom of the website page 2.Locate the link named Refund Policy next to other policy options. 3.Click on the "Refund Policy" link.	The system should open the Refund policy document page but the system should open the Refund policy document page	The system loads an empty page with error message "Policy document not found."
